CHILD RIGHTS PROGRAM सुरक्षा के लिए

The Chief Guest of the function was Deputy Commissioner of Police (North) Sh Madhur Verma IPS who launched the distribution of CHILD SAFETY BANDS. The program began with a small rally by volunteers spreading awareness in the area and involving the local school Principal, on prevention of child abuse, including distribution of material on the issue. Through the medium of a play, the children were made aware of what is 'good touch' and 'bad touch' since in most cases children despite being uncomfortable, do not raise an alarm.

Note : The child on top in the lap of National Convenor SAFMA had been lost for 3 hours and efforts to trace his parents succeeded.
